In the current political context, as Canada rushes to harmonize its border policies with the United States and create a unified "Fortress North America" in the context of the so-called "war on terror", the situation of immigrants and refugees is worsening. The people whose lives have been torn apart by Canadian immigration are not anonymous; they are our friends and neighbors. This is their home. For every agonizing moment, for every day spent in anxiety, for every detention, for every deportation, for the stolen time and the stolen lives, this march will pay tribute to all those fighting this silent battle.

Organized by Association of Chinese Canadians for Equality and Solidarity Society, Vancouver Status of Women, No One Is Illegal, Iranian Federation of Refugees, Kalayaan Centre (Philippine Women Centre), South Asian Network for Secularism and Democracy, Iranian Refugees of BC, La Surda Latin American Collective, Committee for Solidarity with Columbia.
